**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Courtney Meeker on 14 May 2007.

The application has been amended as follows:

In the claims:

In claim 318, at lines 4 and 5, delete "at least one polyamide polymer comprising: a polymer skeleton which comprises at least one amide repeating unit:" and insert, therefor:

-----chosen from the group consisting of ethylenediamine/stearyl dimer tallate copolymer and ethylenediamine/stearyl dimer dilinoleate copolymer;-----.

Cancel claims 319, 335 and 336.

The following is an examiner's statement of reasons for allowance: the rejection of claims 335 and 336 under 35 USC 112, first paragraph, is untenable as addressed by appellants' Brief, and is, thus, hereby expressly withdrawn. Further, the rejections of the claims over the judicially created doctrine of obviousness-type double patenting over (1) claims 1-102 of co-pending Application No. 09/733,897; (2) claims 336-367 of co-pending Application No. 09/877,898; (3) claims 1-126 of co-pending Application No. 10/129,377; and (4) claims 1-38 and 41-44 of co-pending Application No. 10/198,931. Claims 318-334 and 336 have been provisionally rejected for obviousness-type double patenting over claims 1-124 of co-pending Application No. 10/203,254, and claims 318-325,328-332, and 334 have been rejected for obviousness-type double patenting over claims 1-19 of U.S. Patent No. 6,761,881 to Bara, are all expressly withdrawn in view of the timely filed Terminal Disclaimer of 02 October 2006.

The allowable subject matter of claims 335 and 336 has been incorporated into the broad claim 118, and subsequently is allowed.

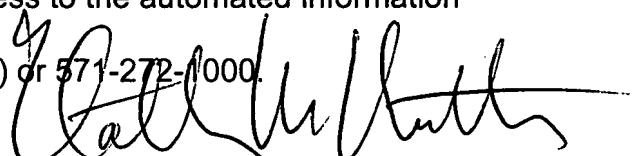

Since there are no other outstanding issues with regard to the clarity or enablement of the claims, these claims are deemed to contain allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
